Our #1 Concern
Many parents are concerned about the safety of their daughter or son on a university campus far from home. SUNY Polytechnic Institute understands that concern and accepts its responsibility to employ security measures to ensure that our students enjoy their years at SUNY Poly as free as possible from any threats to their safety or well being.

SUNY Poly is a community of over 2,500 students, adjacent to Utica and surrounding communities, with a combined population of almost 250,000 residents. As part of that larger community, the Institute shares many of the same interests and problems, including the concern about crime. Crime is a national problem that affects even the rural area in which SUNY Poly is located.

Although the Institute has been fortunate in not experiencing a significant number of assaults, burglaries and acts of criminal trespass in the recent past, it would not be honest to state that such incidents have not taken place, some have. To prevent such incidents, a competent student life staff, a professionally trained University Police force, and the students, themselves, are responsible for a number of measures to ensure that the students and their personal possessions are protected as much as possible.

General Information
In 2013 SUNY Poly enrolled approximately 1323 full-time and 389 part-time undergraduate students. Approximately 181 full-time and 480 part-time graduate students were also enrolled. The campus employs a full- and part-time workforce (excluding undergraduate students) of 400. More than 500 undergraduate students reside in 3 residence halls on the main campus.

Crime Prevention
To help prevent crimes, it is always important to secure valuable belongings and be aware of one's surroundings. To emphasize crime prevention awareness, campus educational programs, seminars, videos, posters, brochures, student newspaper articles, messages from administration, etc., address personal safety including rape/sexual assault, substance use/abuse, importance of locking doors and windows, “buddy” system, etc.; and fire and property safety such as operation ID, and taking belongings home during breaks. This information also includes safety services such as the late evening Centro bus transportation service, counseling, mental health services, medical resources, and emergency services. During orientation, programs are presented which address sexual assault, fire safety and other personal safety topics.
The Student Right-to-Know and Campus Security Act was signed into law in November of 1990. Title II of this act was known as the Crime Awareness and Campus Security Act which was amended and renamed in 1998 as the Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act. This law mandates that institutions receiving Title IV federal funds disseminate crime statistics for certain serious offenses that occurred on campus and in adjacent areas for the current and previous two calendar years. The purpose of this report is to provide our current and prospective faculty, staff, and students with campus safety information including crime statistics and procedures to follow to report a crime. This document was compiled by the Chief of University Police and is electronically available in the University Police section of the campus website at http://sunyit.edu/pdf/university_police/clery_report.pdf. Any questions regarding this report should be directed to room B126 of Kunsela Hall, University Police, or telephone (315) 792-7222. The College will not retaliate or allow any retaliation toward a person(s) who reports alleged violations of this act.

Missing Students

If a member of the University community has reason to believe that a student is missing, he or she should immediately notify the University Police at 315-792-7111. Do not wait if you believe a student is missing. The sooner the investigation begins the better chance of locating the missing person.

In addition to registering a general emergency contact, students have the option to identify, confidentially, an individual to be contacted in the event the student is determined to be missing. A student who wishes to identify a confidential contact can do so through the online residential room registration process. A student's confidential “Missing Student” contact information will be accessible only by authorized campus officials and law enforcement in the course of the investigation.

On campus students: University Police will generate a missing person report and initiate an investigation. University Police will notify all local police agencies pursuant to the Memorandums of Understanding. University Police will notify the student’s “Missing Student” emergency contact or the student’s parents/guardian if the student is under 18 years of age (and not considered emancipated) within 24 hours of the University Police determination that the student is officially “missing”.

Off-campus students: The investigation will be referred to the proper local law enforcement agency and the University Police will assist said agency.
Emergency Response

The College's leadership is trained in assessing emergency situations, appropriately responding to said emergencies, and initiating necessary communication with those immediately impacted by the event and the greater campus community.

The Chief of University Police, in consultation with the Senior Vice President and Chief Operating Officer, is responsible for determining the level of an incident. In the absence of the chief, the lieutenants, or the officer in charge, respectively, will make appropriate consults and level determination. If there were a serious, immediate threat to the health and safety of the campus community, the emergency response protocol would be enacted as appropriate to the situation. This can include activation of NY Alert telephone and text notification, campus siren, loudspeaker, the large screen messaging system, an alert message on the campus e-mail system and the SUNY Poly web home page. Such a notice will be sent without delay. Notification to the greater campus community is coordinated between University Police and the Public Affairs Office pursuant to policies and agreements with local law enforcement agencies and media outlets.

Subsequent to the emergency response and for other non-imminent serious incidents which might pose a threat to the safety and well being of the campus community, a “Campus Crime Alert” or “Timely Notification Bulletin” would be prepared and distributed through one or more of the following mediums; to the campus web home page, campus e-mail, our large-screen messaging system, building main entrances, WCOT FM campus radio, and/or the University Police Web site. Standard notification procedures may be altered if, in the emergency response authorities determine it would compromise efforts to assist a victim, or compromise efforts to contain, respond to or otherwise mitigate the emergency.

Note that SUNY Poly tests its entire emergency notification system two times per year, and its siren and fire alarms three times per year. Pursuant to its procedures, fire drills are not announced, and testing of the other emergency systems may be announced or unannounced. For more information on the emergency notification system, visit https://www.sunyit.edu/environmental_health_safety/

See the “Sexual Offender Notification Registration Act” section later in this document for information on the New York State and campus responsibilities with regard to sexual offenders in the community.

All members of the campus community are advised to sign up with NY Alert to receive emergency notifications.

Standard Facility Access

Students and employees have access to academic, recreational, and administrative facilities and locations hosting cultural and recreational events during scheduled hours. Access to the residence halls is limited to students and their guests according to guest procedures (see the Student Handbook’s Appendix I, Residence Hall Policies available on the Web at http://sunyit.edu/pdf/student_handbook.pdf) as well as residence hall and facilities personnel in the performance of duties. The public may attend cultural and recreational events on campus with their access limited to only the facilities in which these events are held. To report any violations of this policy or to report suspicious persons, contact University Police at (315) 792-7111.
Reporting Crimes

All members of the campus community are urged to report criminal incidents, emergencies and suspicious activity. The campus emergency number is extension 7111 or the Oneida County Emergency Center may be contacted by dialing 911. These numbers should be used for all fire, medical, and police emergencies. All reports are classified, logged, and responded to thoroughly. The off-campus emergency number is 911. Crimes in progress and any other emergency on campus can be reported directly by any student or employee to University Police who can also be reached by using the campus emergency blue light phones or any of the red emergency phones located within our academic buildings. University Police officers are dispatched immediately to the site of the complaint. Incident reports are prepared and are kept on file.

For staff and students living off campus, a listing of major area emergency numbers appear later in this report.

Safety and Security Responsibility

University Police

Campus safety and law enforcement is coordinated by the University Police Department which has a force of sworn police officers with full arrest powers and a Director of Environmental Health and Safety. SUNY police officers must meet the highest standards in New York State for law enforcement officers. Officers have successfully completed a basic police training program administered by the State University at the New York State Police Academy in Albany, New York, or a local regional police academy, and undergo continuous training to upgrade their skills. University Police Officers are charged with full police officer power under NYS Criminal Procedure Law, Section 120 (34)(S) and NYS Education Law, Section 360(4). Police officers have received firearms training and are armed and have also been trained in emergency medical procedures and first aid. Foot, bike, and vehicle patrols are conducted on campus and in residence hall areas, 24 hours a day, 365 days a year. The Department's objective is to provide a safe environment and protect the lives and property of students, employees, and visitors, pursued within the framework of the State University of New York rules and regulations and all local, state, and federal laws. The investigation of crimes committed on campus falls under the jurisdiction of University Police. A daily log of incidents that occur on campus is kept and is available for the public to view from 8 a.m. - 4 p.m. Monday through Friday or by request. The log includes the date, time, general location, and disposition of the complaint, and entries are available for review (unless they are deemed "confidential" by the chief of University Police for safety and security reasons).

University Police works closely with the Utica City Police, Oneida County Sheriff’s Department, and the New York State Police to assist with incidents that occur off campus, but may involve campus staff, students or clubs. This relationship also involves the sharing of information regarding crime statistics and crime activity on land adjacent to college property. Students involved in off-campus incidents involving criminal activities may be referred to the campus judicial office. The New York State Campus Security Act requires all public, private, and community colleges and universities in New York to have a formal plan that provides for the investigation of missing students and violent felony offenses on campus. This includes written agreements between university and college authorities and the municipal law enforcement agencies having concurrent jurisdiction. The University Police Department at SUNY Poly has a local Mutual Order of Understanding (MOU) with the Utica City Police Department, the Oneida County Sheriff's Department, and the New York State Police in the event that a violent felony or a missing student is reported to campus authorities. Should such a report be received, SUNY Poly's University Police would request assistance from these agencies and would conduct a complete investigation.
Campus Reporting Agents - Confidentiality & Reporting

Descriptions of incidents are reported to University Police for the purpose of statistics, except those reported to Counseling and Health Services and/or pastoral counselors. These offices may inform the reporting person that their crime may be reported to University Police on a voluntary, confidential basis for inclusion in the college’s crime statistics only. Campus personnel will assist victims with the on- and off-campus reporting process and provide support.

Confidential Reporting Options

On Campus Confidential Reporting for Students: Contact the SUNY Poly Health and Wellness/Counseling Center, Oriskany Hall, Suite B, 315-792-7172, to speak with a campus counselor who is obligated by law to keep your information confidential and can provide you with appropriate medical and emotional assistance. Additionally, students may contact a university pastoral counselor located in S228 of the Student Center, 315-792-3284.

Off Campus Confidential Reporting for Students and Employees: Contact the YWCA Domestic & Sexual Violence Services 24-hour hotline at 315-797-7440, to speak with an off campus professional confidentially.

Non-Confidential Reporting Options

The following campus agents/resources are provided by the university offering crime reporting, investigations, intervention services, counseling, academic support, and medical services. Those who do not maintain the privilege to offer confidentiality are expected to keep reports private to the extent permitted under the law and college policy. This means that they may have to report to college officials, but will not broadcast the information beyond what is required by law and policy. All allegations will be investigated promptly and thoroughly in a formal investigation, and both the victim and the accused will be afforded equitable rights during the investigative process. To make a formal report contact one of the reporting agents listed below.

*To clarify an individual's responsibilities and/or ability to maintain confidentiality, ask them prior to making a report.

These offices allow victims and witnesses to report crime on a voluntary, nonconfidential basis and there is no formal investigation of the incident unless the victim so chooses.

People need to be aware that no matter how safe our community is, the potential for crime exists everywhere, including college campuses. Everyone in the community must do his or her part to keep themselves and others safe. Don't let your behavior put yourself or others at risk.

Campus Safety Advisory Committee

The Campus Safety Advisory Committee's responsibilities are: to advise the president and chief of University Police on matters of campus security, public safety (including signage and parking), and personal safety; to review and suggest improvement in safety and education programs; to assess availability of counseling services for crime victims; to review victim referral and campus response procedures for sexual assault situations; to conduct ongoing assessment
of the quality of campus personal safety policies, practices, procedures, and programs; and to
conform to the 1990 Amendment to Section 6450 of the Education Law by providing infor-
mation to incoming students about sexual assault prevention measures, penalties, and related
security procedures. Annual reports must be filed with the NYS Commissioner of Education.

**Behavioral Assessment Team**

The team’s intent is to formalize a process for reporting and addressing specific, alarming
behaviors that do not fall within existing reporting procedures such as those established by
the Counseling Center, University Police, Residence Life and Housing, and Judicial Affairs.
Specifically, this team will: create a care management system to intervene early with students
who are at risk; watch for information, both oral and written, from faculty and staff about
behavior that may be threatening; stay attuned to escalating behavior or potential physical
violence; and develop a plan of action for the student such as contacting parents, referrals to
various campus resources, disciplinary action, etc.

**Facilities Management**

The campus Facilities Department maintains the campus buildings and grounds with a
priority of safety and security. Staff inspect campus facilities regularly, promptly make repairs
affecting safety and security, and respond immediately to reports of potential safety and security
hazards such as broken windows and locks. For concerns about the physical safety of campus
buildings and grounds, call the Facilities office (ext. 7456), 8 a.m. – 4:30 p.m. Monday – Fri-
day. Emergencies outside of these hours should be reported to University Police (ext. 7111).

The campus is well lighted, and improvements on lighting are a constant consideration.
SUNY Poly has installed high-intensity sodium vapor lights on buildings, in parking lot areas,
in areas with heavy landscaping and trees, and along pathways frequently traveled by students.
As noted previously, (21) outdoor emergency blue light phones and (14) interior emergency
phone located in residence hall lounges, laundry rooms and academic buildings are connected
directly to University Police. In addition, 101 security (closed circuit television) cameras are
used to monitor many areas of the campus including computer rooms, hallways and lobbies.
CCTV is also used to monitor outside areas of residence halls as well as five major parking
lots to observe areas vulnerable to vandalism. Cameras continue to be added to facilities as
they are improved and renovated.

**Residence Life & Housing**

The residence life program is based on the principles of providing students with a safe,
healthy and attractive living environment that supports the academic mission of the college.
The residence halls provide an opportunity for interaction among peers of all ethnic and
cultural backgrounds. Many aspects of the residence hall living occur simply by the nature of
the environment, however many are shaped by the goals of the institution. The SUNY Poly-
technic Institute places a high-priority on the concept of our halls serving as living-learning
environments. A second component is the high priority placed on the physical condition of
our campus. To keep the buildings safe and in good condition, residence life staff work closely
with University Police and Facilities departments. While there are many safeguards in place
for residence hall students, each student is encouraged to do their part to assure a safe and
secure environment by adhering to the safety related policies and procedures. Students are
made aware of safety concerns as well as prevention tactics and personal responsibility through
a variety of in-hall mediums.

Each residence hall is supervised by a residence hall director – a professional staff member
who resides within the hall. Each building is also staffed with a number of trained resident
assistants (RAs). There is a designated residence hall director, or their designee “on duty” at
all times. Each residence hall has an RA “on duty” from 6 p.m. to 8 a.m. each weekday and 6
p.m. to 6 a.m. (the following day) on weekends, adjusting to 8 a.m. on Mondays. All residence
Life staff members undergo thorough training in enforcing residence hall security policies. Off-campus housing includes apartments, individual homes, and individual rooms in private homes. The college does not provide supervision for off-campus housing. Students have the option to change their living and academic situation should a difficult situation arise. Students should speak with the Associate Provost for Student Affairs.

Residence hall students should not be lulled into a false sense of security. We all need to be aware of our environment and the possible consequences of our behavior. The college will act as needed to discourage, prevent, correct, and, if necessary, discipline behavior that violates this standard of conduct. The University Police Department will promptly investigate allegations of unlawful discrimination based on race, gender, religion, sexual orientation, sexual identity, national origin, ethnicity, disability, age, or marital status. Allegations of unlawful discrimination can also be discussed/reported with the counseling center, Associate Provost for Student Affairs, or the university’s Title IX coordinator. Allegations of unlawful discrimination can also be discussed with the counseling center or the Associate Provost for Student Affairs.

SUNY Poly built its residence halls with safety/security as a high priority. Some specific safety and security features include:

1. Fire extinguishers in all common areas and buildings.
2. Upholstered furniture that is self-extinguishing.
4. “Key-less Locks” on all outside doors – locked 24 hours a day.
5. Door Bell System – all outside doors. (Mohawk & Adirondack Halls)
6. Vision panels on entry doors.
7. Viewers in every suite entry door.
8. Contact switch on all outside doors (alarms ring for door left ajar).
9. Solid wood (bedroom floors); solid metal doors at suite entrances.
10. 101 closed-circuit cameras monitor the residence hall as well as numerous areas of the campus.

Residence hall students are issued a key to their room and use their SUNY Poly ID card for access to their own residence hall main entrance. Hall entrances are locked 24 hours a day. A suite phone is located in each residence; however, few students have campus phones, with most now relying on their personal cell phones. Students are reminded to ensure guests are hosted and escorted as well as complying with the policies of the college while visiting. To view the college’s residence hall guest policies visit [http://sunyit.edu/pdf/student_handbook.pdf](http://sunyit.edu/pdf/student_handbook.pdf)

For residence hall guest and other policies and procedures, see the “Room & Board License” available at Residence Life & Housing and online on the Residence Life & Housing Web page. [http://sunyit.edu/pdf/student_handbook.pdf](http://sunyit.edu/pdf/student_handbook.pdf)

**Reporting Locations**

Federal law requires that campuses report specific criminal activities that occur on campus property and specific areas around those properties. A map which defines these areas is available for viewing in the University Police Office. Crimes occur in the community beyond what is required to be reported in this document. Students are advised to exercise caution in ALL locations.

**On Campus:** includes all offenses reported on the main campus property and in campus buildings.

**Non Campus:** includes property owned by student organizations officially recognized by the institution and those owned by the University outside campus boundaries. SUNY Poly does not own any buildings or property outside our main campus, nor does it recognize any
student organizations that may own property off campus.

**Public Property:** includes thoroughfares, streets, sidewalks, parking facilities, and public park or park-like settings immediately adjacent to and accessible from the campus (ref. map later in this document).

**Alcohol and Other Drugs**

Illegal possession and/or use of marijuana, barbiturates, amphetamines, hallucinogenic compounds, narcotics and other controlled substances are violations of state and federal law and College policy. SUNY Poly permits the use of alcoholic beverages on campus by those who comply with state law and who adhere to the guidelines established by the College. Students living in residence halls who are at least 21 years old are allowed to possess and consume alcohol in their rooms in compliance with State law and College regulations. Students should be aware that the campus strictly enforces its policies with regard to alcohol and other drug violations. Members of the campus community in need of assistance with a question or personal problem related to alcohol or other drugs should contact the Health & Wellness Center, Suite B, Oriskany Hall or call (315) 792-7172. A complete description of alcohol and other drug policies and support services appears in the Student Handbook and/or on the Health & Wellness website at [http://sunyit.edu/health_wellness](http://sunyit.edu/health_wellness). Complying with Section 120(a) through (d) of the HEA, a complete description of alcohol and other drug programs for our campus can be found in the Health and Wellness Center.

**Crime Statistics and Definitions**

The Campus Security Act also delineates what offenses/violations need to be reported. The section on campus crime statistics also includes arrests and disciplinary referrals made to campus authorities for alcohol, drugs and weapons possession which were in violation of State law. As defined by the Clery Act, a disciplinary referral is an instance when a student is formally reported in writing to a university officer for possible sanction. The following offense definitions are excerpted from the Uniform Crime Reporting Handbook. The definitions of sex offenses are excerpted from the national incident-based reporting edition of the Uniform Crime Reporting Handbook (FBI Uniform Crime Reporting (UCR)/National Incident-Based Reporting System (NIBRS) definitions.

Sexual Offender Registration Act

This Act requires the New York State Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The Registry contains information on sex offenders classified according to their risk of re-offending as follows: low risk (level 1), moderate risk (level 2), and high risk (level 3). The Act requires that DCJS also maintain a subdirectory of level 3 sex offenders. The DCJS Sex Offender Registry site may be found at [www.criminaljustice.state.ny.us/nsor/index.htm](http://www.criminaljustice.state.ny.us/nsor/index.htm) and contains their Subdirectory of Level 3 sex offenders as well as other information regarding New York State's Sex Offender Registry.

Sex offenders in New York are required to notify the Registry of any institution of higher education at which he or she is, or expects to be, whether for compensation or not, enrolled, attending or employed, and whether such sex offender resides or expects to reside in a facility operated by the institution. Changes in status at the institution of higher education must also be reported to the Registry no later than ten days after such change.

SUNY Poly will maintain a list of any registered sexual offenders reported to the University as being enrolled, attending, or employed at the SUNY Poly.

A synopsis of some of the basic laws pertaining to the Sexual Offender Registry may be found below.

Correction Law §168-b requires that Division of Criminal Justice Services (DCJS) include this information regarding an institution of higher education on its Registry. Correction Law §168-c requires:

1. that the Department of Correctional Services, or hospital or local correctional facility in which a sex offender is confined, require that such sex offender complete a form notifying DCJS of his or her proposed address upon release and any institution of higher education at which the offender expects to be enrolled, attending or employed, and whether he or she expects to reside in a facility owned by the institution; and,

2. that a probation officer require that a supervised sex offender complete a form notifying DCJS of any change of address or any change of status in enrollment, attendance, employment or residence at any institution of higher education while under supervision.

Correction Law §168-d requires the court to obtain the name and address of any institution of higher education at which the offender expects to be employed, enrolled or attending and whether the offender expects to reside in a facility owned or operated by that institution.

Correction Law §168-e requires a sex offender released from a correctional facility to provide the name and address of any institution of higher education the offender expects to be employed by, enrolled at or attending and whether the offender expects to reside in a facility owned or operated by that institution.

Correction Law §168-j(4) and (5) set forth the notification procedures whenever a sex offender has indicated to DCJS that he or she will be enrolled in, attending or employed at an institution of higher education. DCJS will notify each law enforcement agency having jurisdiction.

Sex Offender Registry

The Sex Offender Registry is available to the public at this site: [www.criminaljustice.state.ny.us/nsor/index.htm](http://www.criminaljustice.state.ny.us/nsor/index.htm)

Weapons Policy

Firearms and dangerous weapons of any type are not permitted on campus. Intentional use, possession or sale of firearms or other dangerous weapons by anyone is a violation of state law and College policy.
Sexual Crimes and Assistance for Victims

The SUNY Polytechnic Institute is committed to maintaining an environment in which students, faculty, staff and guests can work together free of all forms of harassment, exploitation and intimidation. The Institute strongly condemns sexual harassment in any form. Also unacceptable is conduct, such as sexual assault or rape, which constitutes a criminal offense. Such behavior is prohibited by college and university policy and federal and New York State law. The Institute will take action as needed to discourage, prevent, correct and, if necessary, discipline behavior that violates this standard of conduct.

Victims of sexual assault should immediately report the incident to University Police (ext. 7111) if it occurred on campus or to an off-campus police agency if it occurred off campus through the 911 emergency service. Victims also have the option of reporting the incident to the University’s Title IX Coordinator and/or any one of the Campus Reporting Agents listed on a previous page of this report.

Faculty and staff accused of violations of the above policy receive hearings and are subject to discipline under the provisions of the applicable collectively negotiated agreements (see Personnel Policies and Procedures). They may be subject to criminal prosecution under the New York State Penal Law as well.

Reporting a crime to the police or to a campus office does not obligate the victim to pursue criminal prosecution.

Counseling

SUNY Poly provides counseling and support services at our Counseling Center (ext. 7172). Rape Crisis Services in Utica is on call 24 hours a day at (315) 733-0665, as is the Oneida County Mobile Crisis Assessment Team (For Mental Health Crisis Services) at (315) 732-MCAT (6228).

In addition to criminal definitions, Sexual Assault and Rape are prohibited conduct as specified in the SUNY Poly Student Handbook found at http://sunyit.edu/pdf/student_handbook.pdf.

Hospital Emergency Room

If the assault involved a sexual penetration or other physical injuries, the victim should be treated as soon as possible by medical personnel. The victim should not wash, change clothing or otherwise “clean up.” Evidence can be collected several hours after an attack, but its value may be diminished. Victims should bring a full change of clothes because the clothes worn during the assault may be kept as evidence.

Remember, assaults – sexual or otherwise – are crimes; they are not the victims’ fault. Victims have the right to pursue adjudication of crimes that occur on the SUNY Poly campus through criminal courts and/or through the University’s internal disciplinary process (under the Campus Code of Conduct). SUNY Poly Police are trained to assist with prosecution in both systems.

Support and Referral Resources

Victims should contact at least one of the reporting agents (listed previously) regardless of where the assault occurred.

Follow Up Medical Care

Victims may need tests for sexually transmitted diseases and pregnancy. This care is critically important.

In the eyes of the law and college policy, a person who is drunk, drugged, otherwise incapacitated or underage cannot consent to sexual activity.
Victims’ Rights

Victims have the right to pursue criminal charges against their offender. If the offender is a student, victims can also pursue campus action through the Judicial Affairs Office (ref. Code of Student Conduct) regardless of where the offense occurred.

Statement of Rights for Student Campus Crime Victims

Victims of Campus Sexual Assault: Statement of Principles and Rights

The University is committed to providing a safe and secure environment in which all members are treated with dignity and respect, and a campus free from all discrimination on the basis of sex. To that end, the University takes the strongest possible stance against sexual misconduct in all its forms, including sexual harassment, sexual assault, sexual violence or the use of coercion, intimidation or exploitation of others for sexual purposes. The University is actively engaged in educating its members about these vital issues and in providing timely support and assistance to victims of sexual assault.

Should a sexual assault be reported, the University will investigate allegations and take appropriate actions, to the fullest possible extent. The University supports the victim’s right to privacy. In the event that a victim wishes to remain anonymous, the University will respect that request while evaluating the obligation to protect the safety and well-being of the broader community. For example, in the event that the assault/crime must be reported, the request for anonymity would be weighed against other factors, such as whether the accused individual is the subject of other complaints. In such instances, every safeguard will be taken in order to ensure the victims’ anonymity. It is imperative that victims be fully supported in their efforts to heal and respond as they determine is in their own best interests. To this end, the University will provide information about campus and community medical and counseling resources and support the victim’s right to make choices about these resources and options.

All members and representatives of the University community, including campus officers, administrators, faculty, professional staff, employees, and students are expected to recognize and abide by the following principles regarding victims of campus-related sexual assaults:
1. **The Right to Human Dignity:** (Victims shall)

   f. Be free from any threat of retaliation or other attempt to prevent the reporting of sexual misconduct;
   g. Be free from unwanted pressure from campus personnel to:
   h. Report sexual assaults if they do not wish to do so,
   i. Report sexual assaults as less serious offenses,
   j. Refrain from reporting sexual assaults for any reason, including the fear of unwanted personal publicity.

2. **The Right to Resources On and Off Campus:** (Victims shall)
   a. Receive notice describing options to pursue a criminal complaint with the appropriate law enforcement agency, to pursue the University's disciplinary process, or to pursue both processes simultaneously;
   b. Be notified of existing campus and community-based medical, counseling, mental health and student services for victims of sexual assault whether or not the assault is formally reported to campus or civil authorities;

   h. Be informed of the possible availability of crime victim assistance compensation through the New York State Crime Victims Board;
   i. Additional information about resources and options to aid in recovery are available at http://www.sunyit.edu/titleix

3. **The Right to Campus Judicial Proceedings:** (Victims have the right to)
   a. Written and advance notice about a disciplinary hearing involving the person or persons accused of sexually assaulting them;
   b. Have the opportunity to present witnesses and other evidence, and to receive notice of the process, information about procedures, and written notice of the outcome in a manner that is equivalent to the process of the accused;
   c. Have a person of their choice accompany them throughout the disciplinary hearing;
   d. Remain present during the entire proceeding, whenever possible; alternative arrangements may be made for those who do not want to be present in the same room as the accused during the disciplinary hearing;

   g. Make a “victim impact statement” if the accused is found in violation of the code;

   i. Have the right to appeal the outcome of the hearing.
4. The Right to Law Enforcement and Campus Intervention
   a. Reports of sexual assault will be investigated and evaluated by the appropriate criminal and civil authorities of the jurisdiction in which the sexual assault is reported;
   b. Victims shall receive full and prompt cooperation and assistance of campus personnel in notifying the proper authorities;
   c. Victims shall receive full, prompt, and victim-sensitive cooperation of campus personnel with regard to obtaining, securing and maintaining evidence, including a medical examination when it is necessary to preserve evidence of the assault; “No contact” orders (e.g., Cease and Desist orders) shall be issued promptly and in writing to all parties to a reported sexual assault after the University receives notice of a complaint;

Except as required by law, the University will take care not to identify the victim.

   Nothing in this Statement of Principles and Rights shall be construed to preclude or in any way restrict the University from issuing a Timely Warning when the University is aware of a reported sexual assault incident that potentially puts the campus community at risk. The University will take care not to identify the victim in such notices but may, in certain cases of continuing danger, identify the suspect, assailant or the address where the crime occurred.

**Sexual Harassment/Sexual Violence**

The following definitions relate to sexual violence and sexual harassment as referenced in the Student Code of Personal Conduct and are punishable offenses:

**Consent:** Consent is the agreement to engage in specific sexual contact, which may be given by verbal agreement or active and willing participation in the sexual activity. Consent to sexual contact or any specific sexual act cannot be given if an individual is incapacitated or impaired because of a physical or mental condition or the ingestion of drugs or alcohol, or under the age of 17. Silence, previous sexual relationships, current relationships, or the use of alcohol and/or drugs is not an indication of consent. The use of force, threat of force, threat of
immediate or future harm, or use of physical intimidation to secure compliance with sexual activity is evidence of lack of consent. Consent may be initially given, but it may be revoked at any point, either verbally, through physical resistance, or by losing consciousness. Failure to cease sexual contact promptly in response to a withdrawal of consent constitutes prohibited nonconsensual sexual contact. “No” or any other negative statement or acts/physical gestures supporting the desire to cease contact in response to sexual contact or an invitation to sexual contact will be regarded as a denial of consent to such sexual contact.

**Dating Violence:** Dating violence is any act of violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the victim's statement and with consideration of the type and length of the relationship and the frequency of interaction between the persons involved in the relationship. Two people may be in a romantic or intimate relationship, regardless of whether the relationship is sexual in nature; however, neither a casual acquaintance nor ordinary fraternization between two individuals in a business or social context shall constitute a romantic or intimate relationship. This definition does not include acts covered under domestic violence.

**Domestic Violence:** Domestic violence is any violent felony or misdemeanor crime committed by a current or former spouse or intimate partner of the victim, a person sharing a child with the victim, or a person cohabitating with the victim as a spouse or intimate partner.

**Force:** the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcome resistance or produce consent.

**Non-consensual sexual contact:** Any intentional sexual touching, however slight, with any object by a man or a woman upon a man or a woman that is without consent and/or by force.

**Non-consensual sexual intercourse:** Any sexual intercourse, however slight, with any object, by a man or woman upon a man or a woman, that is without consent and/or by force. Intercourse includes: vaginal penetration by a penis, object, tongue or finger; anal penetration by a penis, object, tongue, or finger; and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

**Retaliation:** Any action by any person that is perceived as intimidating, hostile, harassing, retribution, or violent that occurred as a result of the making and follow-up of a report of a violation of the Student Code of Personal Conduct.

**Sex discrimination:** Sexual discrimination includes all forms of sexual harassment, sexual assault, and sexual violence by employees, students, or third parties against employees, students, or third parties. Students, SUNY Poly employees, and third parties are prohibited from harassing other students and/or employees whether or not the incidents of harassment occur on the SUNY Poly campus and whether or not the incidents occur during working hours.

**Sexual exploitation:** Occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:

- Invasion of sexual privacy;
- Prostituting another student;
- Non-consensual video or audio-taping of sexual activity;
- Going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex);
- Engaging in voyeurism;
- Knowingly transmitting an STI or HIV to another student;
- Exposing one’s genitals in non-consensual circumstances;
- Inducing another to expose their genitals;
- Sexually-based stalking and/or bullying may also be forms of sexual exploitation.
Sexual harassment: Sexual harassment is unwelcome, gender-based verbal or physical conduct that is sufficiently severe, persistent or pervasive that it unreasonably interferes with, denies or limits someone’s ability to participate in or benefit from SUNY Poly’s educational program and/or activities, and is based on power differentials (quid pro quo), the creation of a hostile environment, or retaliation.

Sexual violence: Physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent, including, but not limited to rape, sexual battery, and sexual coercion.

Stalking: The term stalking means intentionally engaging in a course of conduct, directed at a specific person, which is likely to causes a reasonable person to fear for his or her safety or the safety of others or cause that person to suffer substantial emotional damage. Examples include, but are not limited to, repeatedly following such person(s), repeatedly committing acts that alarm, cause fear, or seriously annoy such other person(s) and that serve no legitimate purpose, and repeatedly communicating by any means, including electronic means, with such person(s) in a manner likely to intimidate, annoy, or alarm him or her.

SUNY Poly has the authority to pursue judicial action for incidents occurring off campus that violate college policy including federal, state and/or local laws, statutes, or ordinances.

Preserving Personal Safety

Sexual Assault Programs Offered

Throughout each school year, SUNY Poly provides sexual assault awareness programs, including education on domestic violence, dating violence and stalking. These programs are offered through a variety of venues including First Year Seminar classes, lectures, speakers, small group trainings and large public events. These programs are open to the entire campus community. The University Police Department also offers a sexual assault awareness program. This program is designed to offer members of the campus community the opportunity to speak with a University Police officer in small groups on the topic of sexual assault awareness and campus issues. The topics discussed will touch upon victims’ rights, support services, campus policies concerning sexual assault, and New York State Penal Law.

Here are some specific examples of what SUNY Poly does to help promote personal safety education on campus.

- **Bike Patrol** — a four-officer patrol squad of certified police cyclists which operates nine months out of the year, complementing the foot and vehicle patrol.
- **Anonymous Witness Program** — a form on the University Police homepage where people can anonymously report a crime http://sunyit.edu/university_police/.
- **Operation Identification** — a state-wide effort to discourage burglary and theft by engraving property with an easily traced (in the US and Canada) identification number. A free service through University Police.
- **Operation Lockout** — an anti-theft program in the residence halls which shows students how easy it is to become a victim of crime and simple steps to help preserve safety.
- **Rape Aggression Defense (RAD) for Women** — offered through University Police by request. This program also stresses steps to avoid becoming a victim.
- **Students Against Violence Week** — a promotional campaign during which campus community members pledge against violence.
- **Bathroom Buzz** — weekly informational initiative posted in the bathrooms on topics such as domestic violence's signs of an abusive relationship, social networking safety and travel safety.
- **Health Fair** — each semester, the Health & Wellness Center, in collaboration with the Nursing Dept. set up informational booths providing verbal and written information on date rape, cyber security, personal safety and more.
- **The Clothesline Project** — a display of t-shirts designed by survivors of violence to increase the awareness of the impact of violence and encourage others to “break the silence” to end the
vicious cycle of abuse. This project is done in collaboration with the Utica YWCA.

**AVV** — YWCA’s “Aid to Victims of Violence” a crisis hotline and resource for victims of sexual assault/rape, domestic and other violence.

**“Acting like a WILDCat”**— annual programming highlighting key details of the student conduct code such as the “zero tolerance for violence” philosophy, adherence to safety regulations, the enforcement for alcohol and other drug policy violations and anti-hazing education.

**Off-Campus Jurisdiction** — SUNY Poly’s policy allows for pursuing judicial action against students who are involved in off-campus incidents which also violate College policy and/or federal, state, and/or local laws, statutes, or ordinances. Typically the campus reserves this prerogative for more serious misconduct.

**Suspension/Dismissal** — students who are suspended or dismissed are NOT ALLOWED to be on campus or at campus-sponsored events for any reason unless prior permission is given by the Chief of University Police or the Associate Provost for Student Affairs.

**Persona Non Grata (PNG)** — an order of exclusion from campus to non-students who have demonstrated that their presence on campus would be a threat to the campus and/or campus members. Violators can be arrested for criminal trespass.

**Confidentiality** — students have the option of having their directory information unlisted. Details are available from the Associate Provost for Student Affairs Office, A221 Kunsela Hall.

**Late Evening bus service** — late evening bus service so that students do not have to walk alone to and from Utica or other local area evening destinations.

**Domestic Violence**

Does your partner tell you what to do? Has your partner threatened you with physical harm? Does your partner call you names or tell you that you are worthless?

Domestic violence can affect anyone, regardless of age, race, economic background, religious beliefs, marital status, or sexual preference. Abusive behaviors include verbal, emotional, sexual, physical, psychological and economic abuse and typically get worse over time. Any behavior that intimidates, manipulates, humiliates, isolates, frightens, terrorizes, coerces, threatens, blames, hurts, injures or wounds someone is abuse. Domestic violence is dangerous and can be fatal. As such, SUNY Poly provides domestic violence training to all students and employees.

**What Can You Do?**

Bias Crime Prevention

Hate Crimes and the Law

It is a State University of New York Polytechnic Institute police mandate to protect all members of the SUNY Poly community by preventing and prosecuting bias or hate crimes that occur within the campus's jurisdiction.

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, religion, ethnicity, gender, gender identity, sexual orientation, or disability. Hate/bias crimes have received renewed attention in recent years, particularly since the passage of the federal Hate/Bias Crime Reporting Act of 1990 and the New York State Hate Crimes Act of 2000 (Penal Law Article 485). Copies of the New York law are available from University Police.

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. Perpetrators who are students will also be subject to campus disciplinary procedures where sanctions including dismissal are possible.

In addition to preventing and prosecuting hate/bias crimes, SUNY Poly University Police also assist in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined by the University as acts of bigotry, harassment, or intimidation directed at a member of group within the SUNY Poly community based on national origin, ethnicity, race, age, religion, gender, sexual orientation, disability, veteran status, color, creed, or marital status, may be addressed through the State University’s Discrimination Complaint Procedure or the campus conduct code. Bias incidents can be reported to University Police as well as to the Office of Student Affairs.

If you are a victim of, or witness to, a hate/bias crime on campus, report it to University Police by calling 7111 in an emergency, using a Blue Light or other campus emergency red telephone, calling (315) 792-7111, or by stopping by the University Police Office in Kunsela Hall. University Police will investigate and follow the appropriate adjudication procedures.

Victims of bias crime or bias incidents can avail themselves of counseling and support services from the campus as follows: The Polytechnic Institute provides counseling and support services at our Counseling Center (ext. 7172). Rape Crisis in Utica is on call 24 hours a day at 797-7740.

For general information on SUNY Poly security procedures, see http://sunyit.edu/university_police/ or call University Police at (315) 792-7111.

More information about bias-related and bias crimes, including up-to-date statistics on bias crimes is also available from the office of University Police.

**Note:** Fire alarm pull stations are provided in every building to provide manual activation of the fire alarm system.

As residence halls are rehabilitated, special attention is given to fire safety systems. SUNY Poly has included posting evacuation instructions on the back of residence hall suite doors.

All fires need to be reported to the University Police (315) 792-7111 or the County 911 Center.

---

In 2011, a total of 25 fire drills were held in campus residence halls.  
In 2012, 25 fire drills were held.  
In 2013 42 fire drills were held.
Responsibilities

Environmental Health and Safety Office has the following responsibilities under Emergency Responses Plans: 1) reviewing and updating the safety standards; 2) evaluating the standard’s effectiveness; 3) providing or coordinating Emergency Response Plan training; 4) reporting fires, emergencies, and related issues to the appropriate agencies; 5) providing information about this standard and specific responsibilities to employees; and 6) responding to or assisting with other campus emergencies.

Supervisors will assist with efforts to provide Emergency Response Plan training to employees. Students have responsibility for

1) reporting fires and other emergencies; 2) correcting or reporting unsafe conditions; and
3) observing evacuation procedures and protocol for other campus emergencies.

Emergency Evacuation

Terms and Definitions:

Evacuation Assembly Area (EAA)-an outside location at least 50 feet from the building away from roads and walkways used by emergency vehicles.

Evacuation Site (ES)-a building in close proximity to the evacuated building that will provide protection from the weather or other elements in the case of a prolonged evacuation. The on-site incident commander, usually a University Police Officer, will determine if personnel should move from the Evacuation Assembly Area to the Evacuation Site.

Procedures:

Evacuation is required any time the fire alarm sounds, an evacuation announcement is made, or a university official orders evacuation from a building to the Evacuation Assembly Area (EAA). When an evacuation occurs, departments should put their evacuation plan into effect. After the building has been evacuated, the building cannot be re-entered until University Police give permission. The silencing of alarms is not the sole indicator that it is safe to re-enter.

Faculty members should notify each class at the beginning of the semester of the designated evacuation plan. The department’s plan should indicate a meeting place outside of the building, EEA as well as the designated ES. It is imperative that students know to stay together as a class while at the EAA or the ES. Everyone must be accounted for and their names should be written down, or checked off an attendance roster. You cannot release students from the EAA or ES until University Police give permission to do so.

General Evacuation Procedures for Academic and Administrative Buildings

• Do not re-enter the building until University Police gives the “all clear” signal.

**Student Housing**

Evacuation procedures are posted in each suite. Special procedures are in place for evacuating students with disabilities and are disseminated through the student fire safety presentations and brochures each year.

In the residence halls, students are expected to leave the facility immediately after the fire alarm is activated. Any on-site staff members at the time of an alarm are expected to leave at the time of an alarm and if safely possible, make additional notification to others as they progress downward to the main floor of a building. Staff members assume responsibilities such as prohibiting students from reentering the building as they wait for the University Police or fire department to determine the cause of the alarm activation. Staff members report to University Police and the local fire department any special needs or issues they observe while evacuating the facility. Specific evacuation procedures and staff responses are outlined in the Emergency Response Plan for the Residence Life and Housing staff.

University Police has responsibility for 1) assisting with fire drills and emergency evacuations; 2) reporting fires and emergencies to the appropriate agencies; and 3) responding to or assisting with other campus emergencies.

Visitors have responsibility for observing evacuation procedures and protocol for other campus emergencies.

Employees have responsibility for 1) reporting fires and other emergencies; 2) correcting or reporting unsafe conditions; and 3) observing evacuation procedures and protocol for other campus emergencies.

**Fire Safety Education and Training**

All faculty, staff, and students are expected to familiarize themselves with the evacuation plan for the buildings in which they occupy including the identified assembly places. Evacuation routes are posted in the hallways on every floor. In the residence halls, students are instructed at the opening residence hall meeting on evacuation procedures. Programs are also presented in residence halls on various safety issues including fire safety. Students are reminded about fire evacuation procedures during all hall meetings, floor meetings, or after problems occur during fire drills and accidental activations of the alarm. Additionally, all first-year students are required to attend a fire safety presentation and receive a fire safety brochure.

Employees, as well as resident assistants are advised to report any fire safety concerns relating to fire safety equipment such as fire extinguishers, exit signs, detectors, doors, pull stations, and emergency lights within their residence hall. Work requests are subsequently submitted to address items that require corrective action or if immediate attention is needed. Facilities and/or University Police are to be notified. Additionally, student rooms are thoroughly inspected during each semester. Incidental such as misuse of extension cords, candles, and unapproved appliances are scrutinized. Any “illegal” item found during an inspection may be confiscated and, in some instances, students may be referred to the office of Judicial Affairs.

Employees will receive Emergency Response Plan training when they are initially assigned to a position and annually thereafter. Employees will also receive training when certain responsibilities and aspects of this plan change. This training will include: protocol for reporting fires; procedures for evacuating a building; use of fire extinguishers; and how to respond to other emergencies. Students will receive this training during the beginning of the fall semester or orientation sessions.

Copies of the Emergency Response Plan and the SUNY Fire Safety Report are available through SUNY Poly’s Environmental Health and Safety Office.
When a hate crime is reported, it will be labeled with the following categories of prejudice: R=race, G=gender, REL=religion, SO=sexual orientation and E=ethnicity. In addition to the above categories, the following crimes need to be reported if they are hate crimes: larceny/theft, simple assault, intimidation, or [destruction, damage, or vandalism] of property. In 2011 one-campus intimidation incident characterized by religious bias was reported. In 2012 two campus intimidation incidents were reported, one characterized by race and religion, while the second was characterized by sexual orientation. In 2013 there were no hate crimes reported.
